

Bellflower Restaurant & Terrace

Lively and refined, Bellflower Restaurant & Terrace pairs contemporary touches like marble tulip tables with an inviting, jewel box-like setting. Dine against a backdrop of modern art and take in picturesque views of our landscaped grounds and the iconic rolling Berkshires hills from a spacious terrace. Our chef sources the finest local ingredients for an all-day menu of modern American haute cuisine that incorporates seasonal flavors and specials designed to distill the peak flavors of this rich farming region. With a clean, modern yet welcoming aesthetic, Bellflower invites you to linger over romantic breakfasts for two, communal dinners under the stars that last late into the night, and everything in-between, all in a setting of impeccable service.
